Tammy Sessomo

On June 7th 1980 history will be made, I guess Carroll will be married, will do just that and Jim Vicky happy that it will happen. Love Dennis & Carrie

Reserved
Tammy Dearest,

I these past few months have been the best in my life. Thru all the bad and good times one thing has kept me going that was you. I'm looking forward to the lifetime we have to live together. Babe I'm glad that we have just 13 more days till we're man and woman (notice not wife). In the years to come I hope that I can be the husband that you deserve. One day soon, I hope, we can build the kind of home we want and stock it with dainties and cows. Babe I'm sorry for being mean but I guess my nerves are finally getting to me. I have never regretted at any time my proposal to you, I can only hope that you feel the same. Maybe when we're old and gray we can look back at our lifetime and be happy about the way that we spent it. I know that we have had some rough times and probably have some more but just remember two things you are the only girl for me and that I LOVE YOU with all of my heart. I'm not very good at writing things but I hope you will be able to read between the lines and know what I mean. Always
Dennis

So a very sweet & pretty girl,

you're one of the best friends that anyone could ever had. We've got a friendship that I'd like to last till eternity. You're like my own sister & we've had some damned good times. I hope we can have more in the years to follow this one.

I wish you all the luck in the world after graduation. May God bless you & Dennis with your marriage! I hope you get everything you wish for & I also hope you succeed in everything you attempt to do. I hope you reach every goal you set for yourself.

I hope you have a great time on your honeymoon this summer. You'd better send me a postcard from wherever you both go. I'm gonna try to have a great one even though I'm gonna be working (I take that back), I'm gonna have a ^{really} good time this summer.

You take good care of yourself & Dennis & God bless both of ya'll on everything.

Love YA (like a sister),

P.S.

Building
Blocks
of
Tomorrow

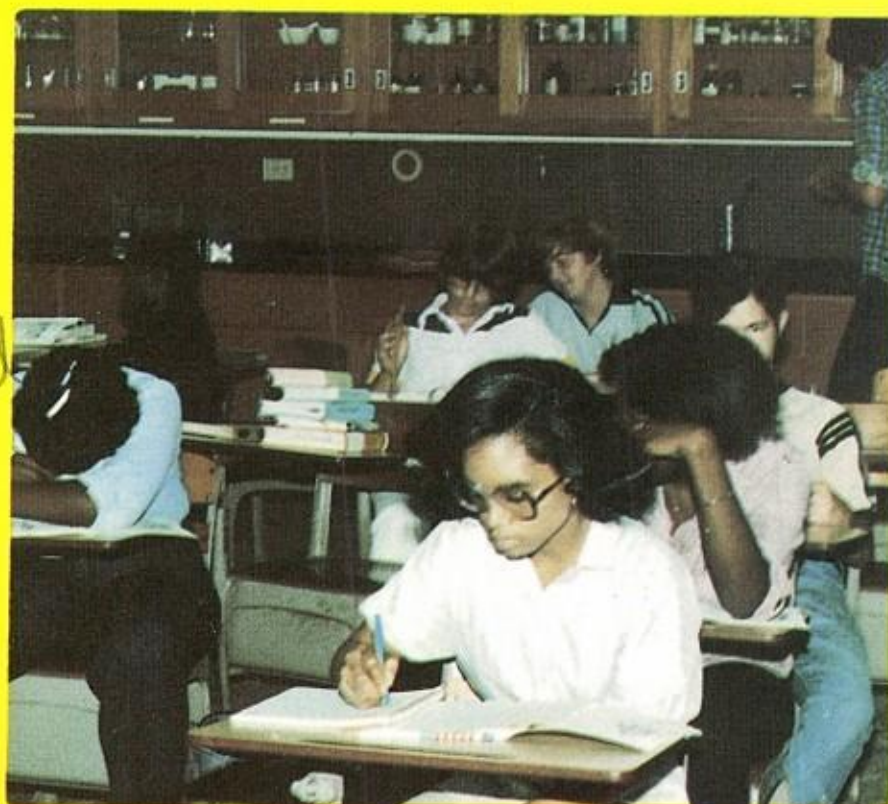

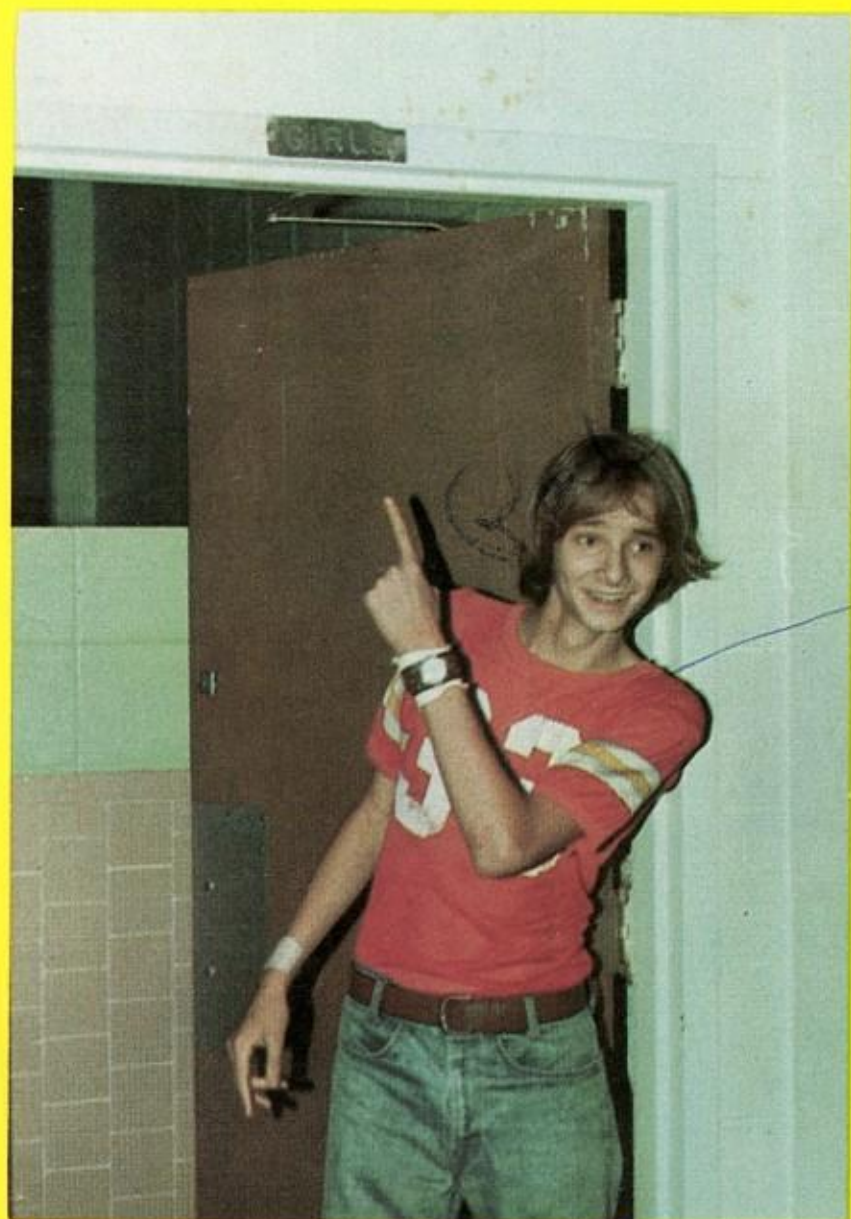

We all have goals
Which we hope to attain
Someone plays the role
In which building blocks remain.

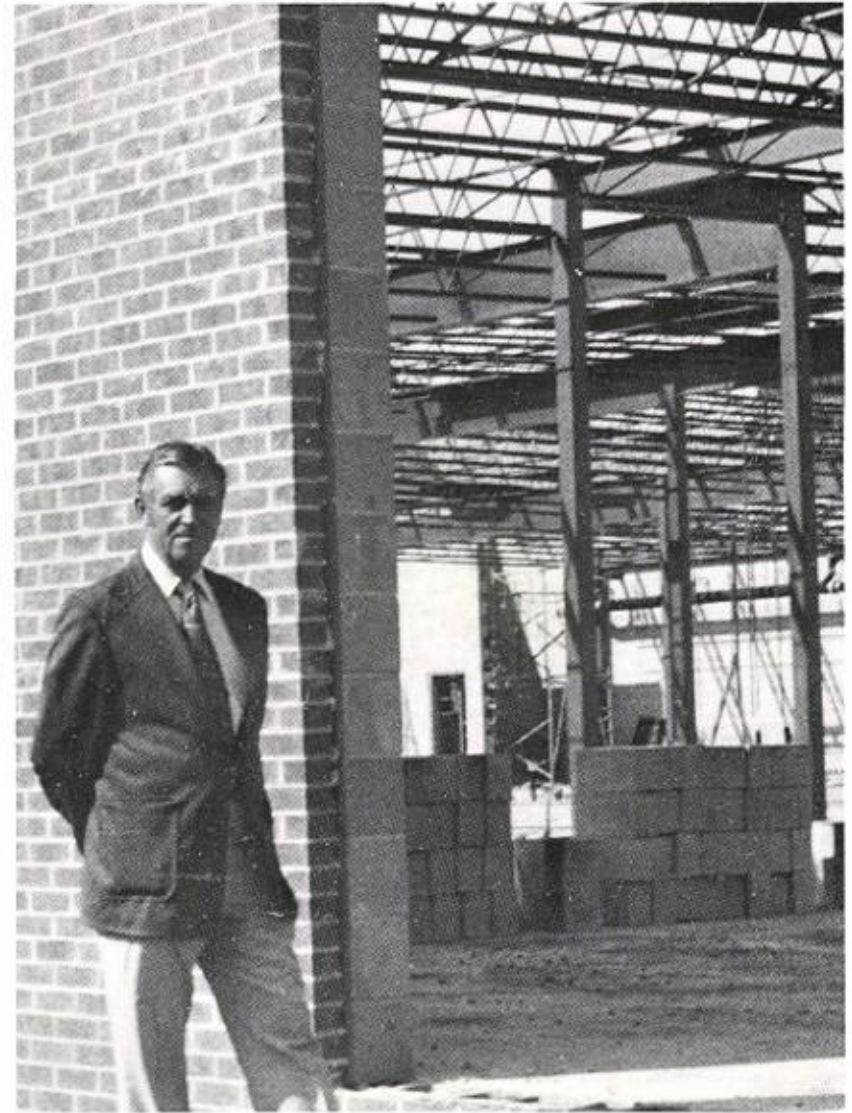

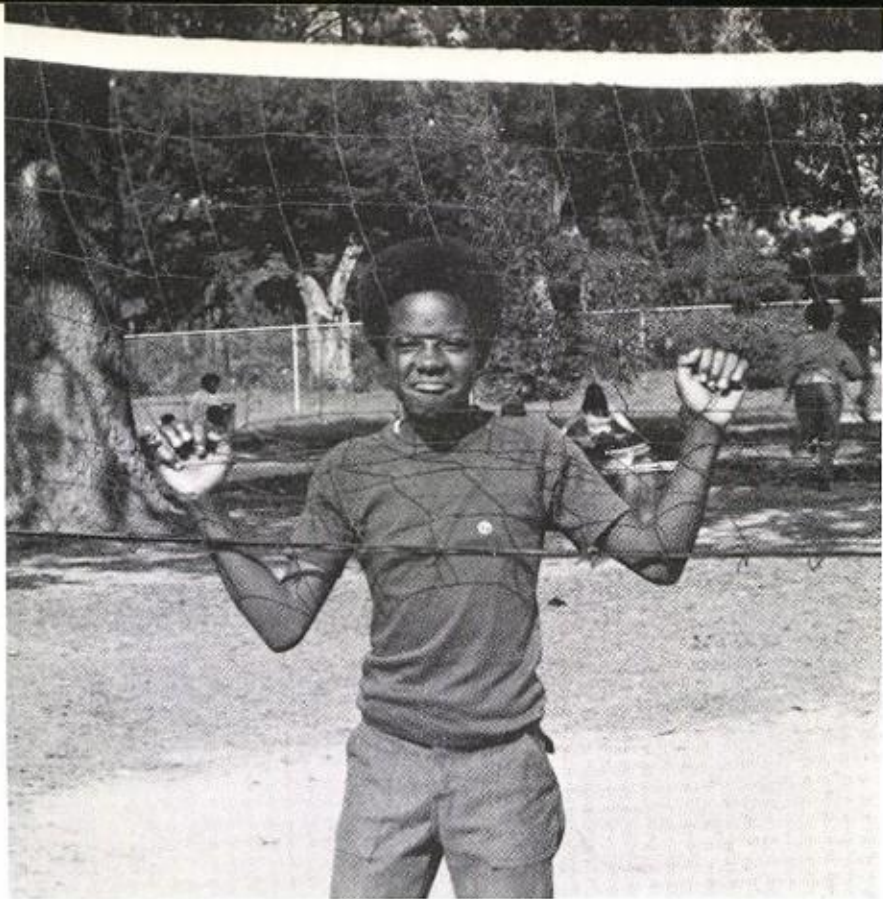

The world owes us a living but we must strive to earn it. We must set goals for our lives and be willing to reach out for help whenever necessary. As seniors, we look forward to receiving our class rings. We also look to others for guidance as Jeff discusses government problems with Ms. McKenzie. Ty, Laddy, and Stephanie also realize that we must sometimes help ourselves. But all work and no play makes Paul a square, as he tries to make his grand entrance into the girls' restroom. Through it all, we can appreciate the serenity of a beautiful night in the Coastal seaport.

The building blocks
Indicate our rise and fall
New doors are unlocked
In the struggle of it all.

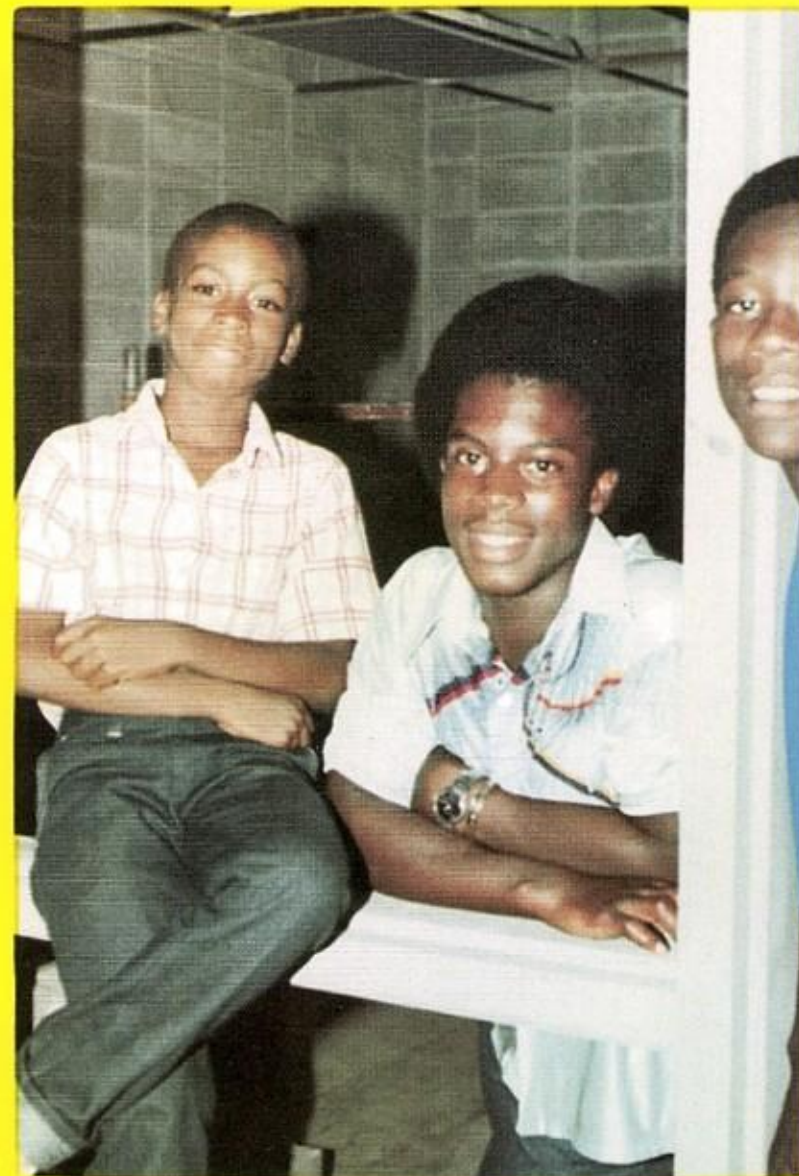

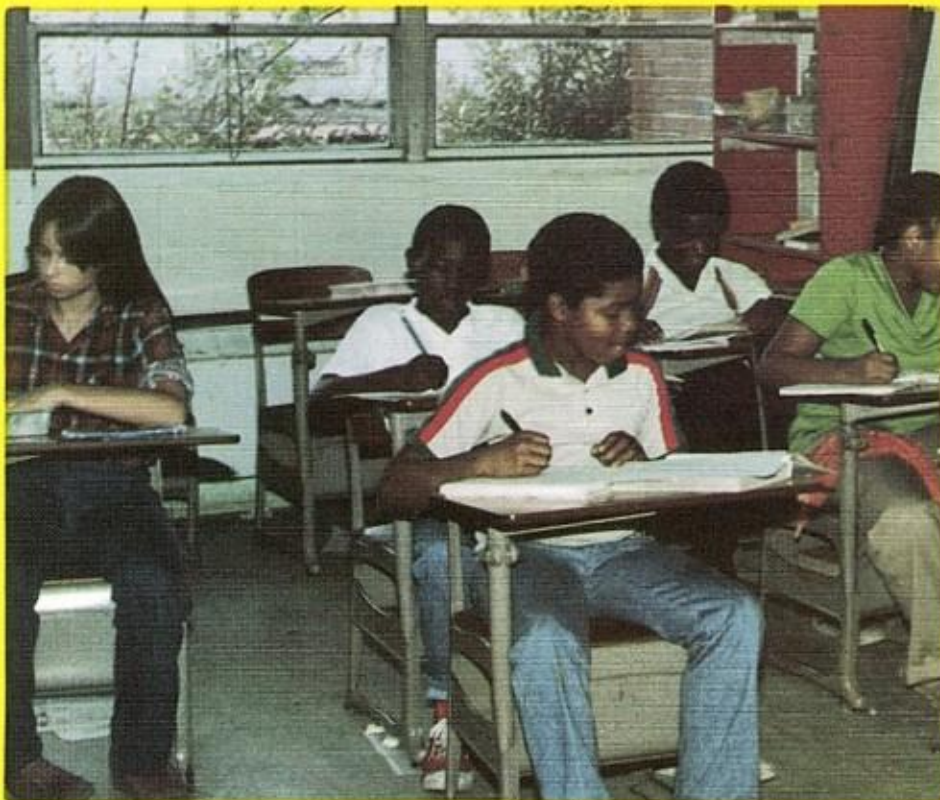

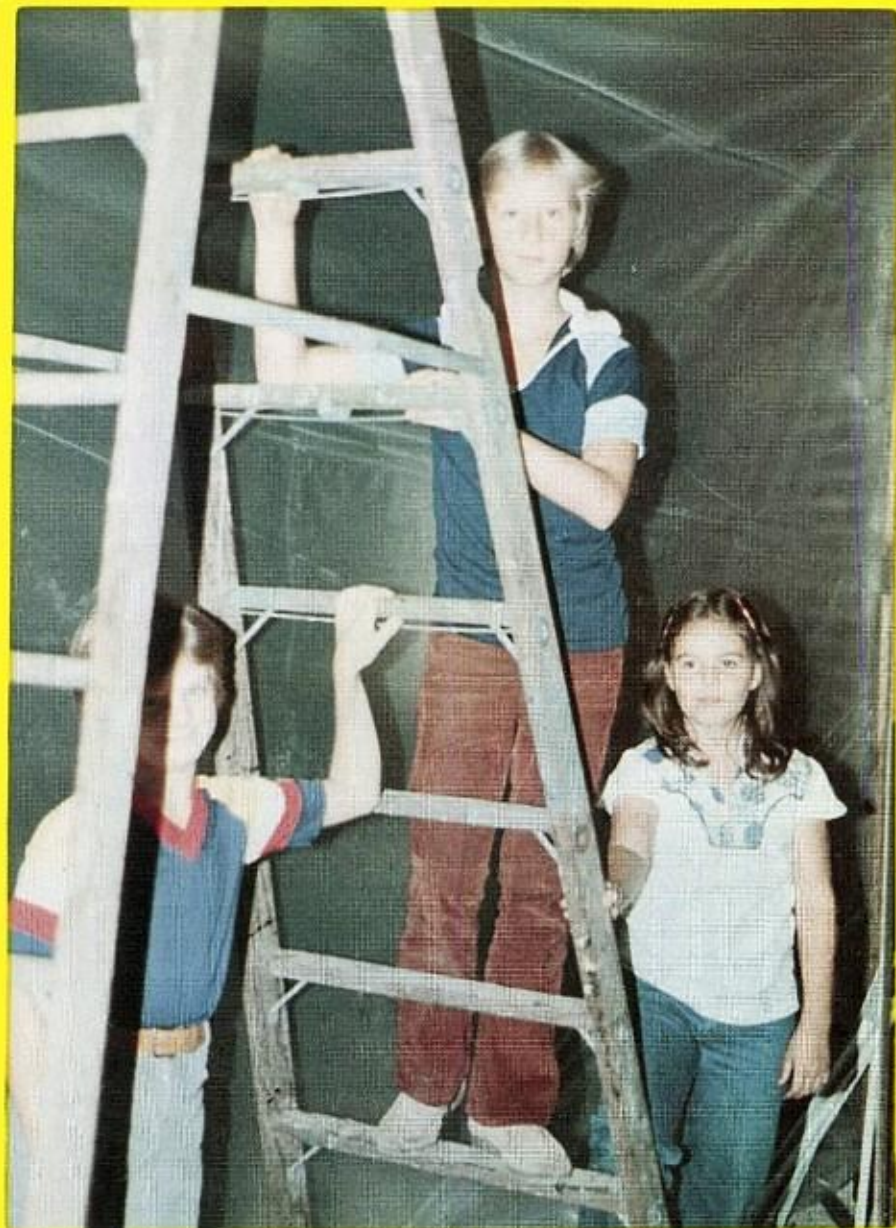

There will always be ups and downs in our lives. We meet new friends and, as we go, we find new ways of coping with the pressures of everyday school life. Wilber and Dennis threatening to toss Earnest from the top of the building and Pernell and Terry making faces are typical examples. Then there's Mr. Huff! Each day he makes a serious attempt to remain cool, calm, and collected as he watches the realization of his dream come true.

We are just beginning
The climb up the ladder;
With each rung we take
We are getting higher.

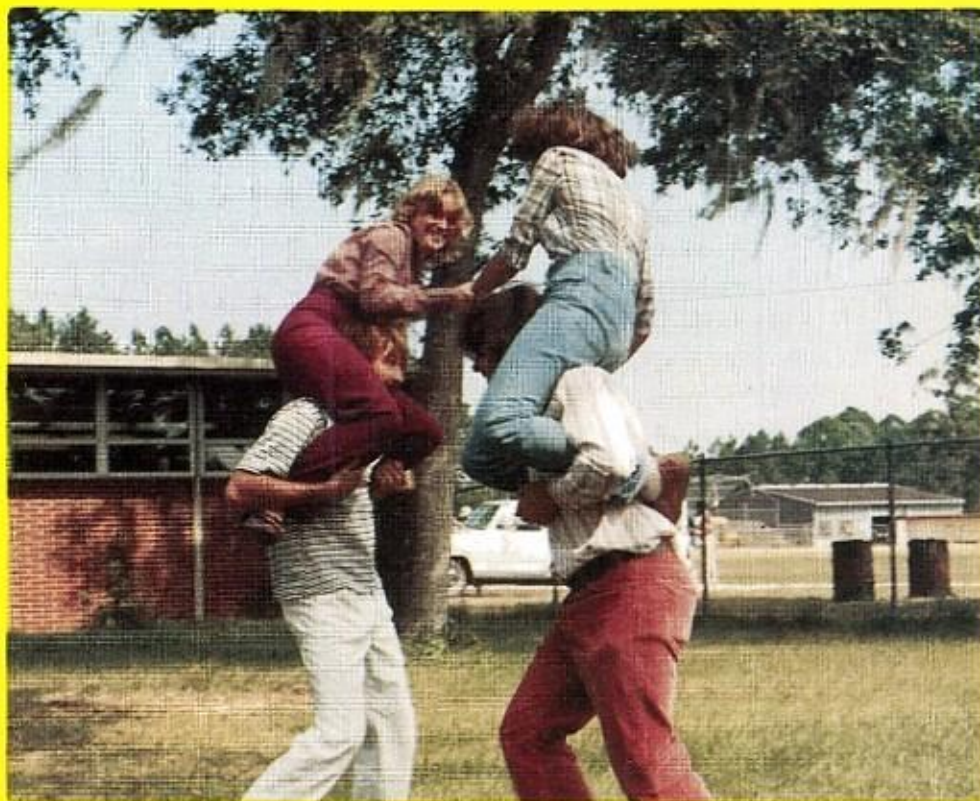

There is a small segment of our school population that cannot be ignored. It's the lovable eighth grade! They have far in life to go and they are most anxious about getting there. They work hard and do their best in hopes of realizing the dream of one day being seniors. There are typical eighth graders like Tony. And there are those who stand out in the crowd—like Darrell.

On the other hand, we also have upperclassmen who sometimes act like eighth graders. They insist on chicken fights during P. E.

Our teachers sometimes wish they could turn back the hands of time. Juanita and Arlene are helping Ms. Ector to remember that its been a long time since she was in eighth grade.

The future holds
Many things unknown,
Until one day you're told
You're on your own.

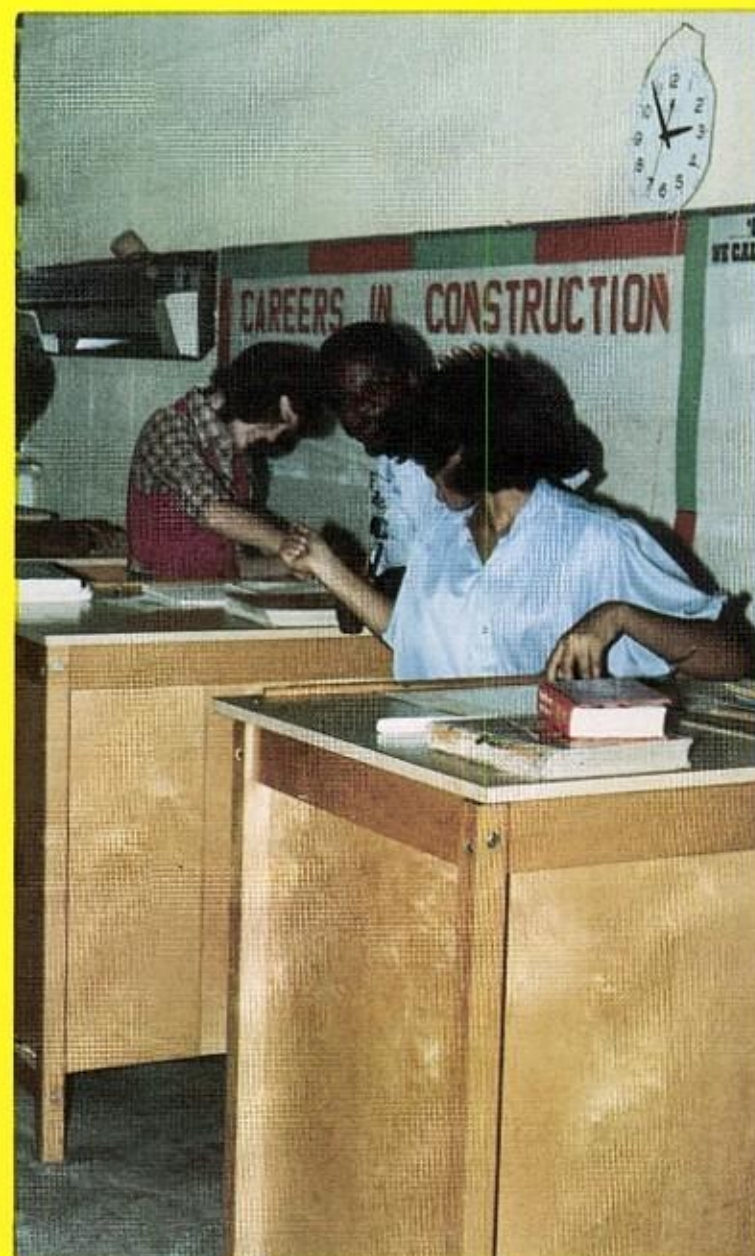

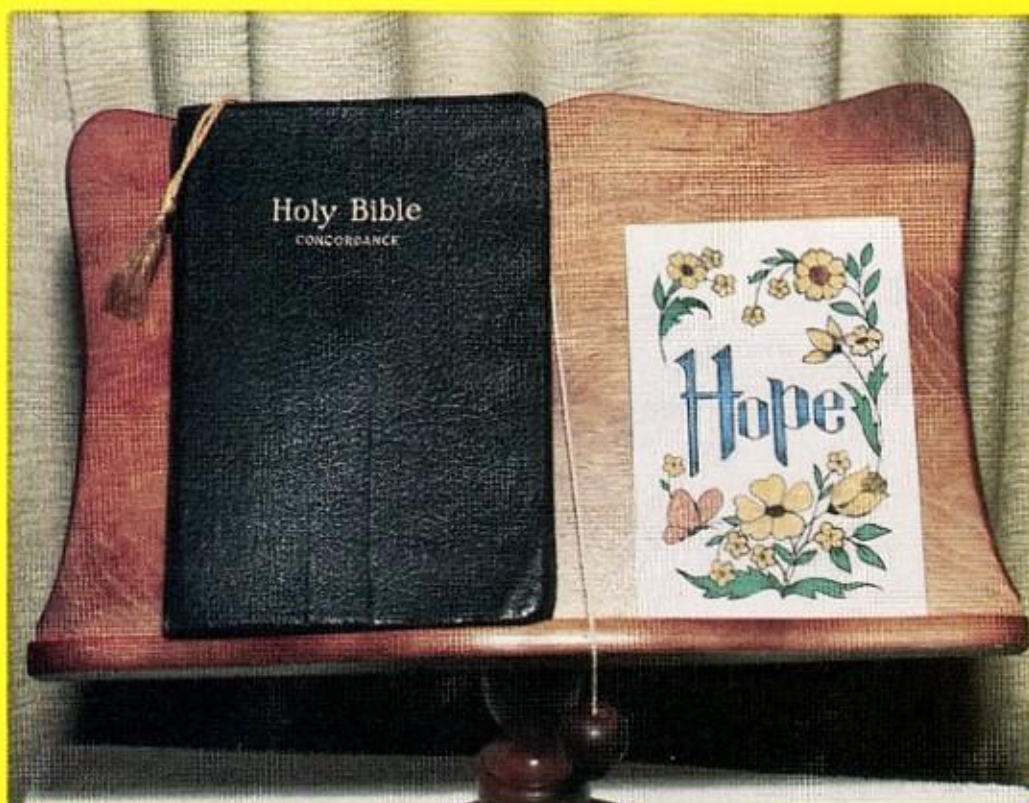

Guidance from our administration is imperative in shaping our future. Mr. Croft and Mr. Brown strive each day to point students in the right direction. Donna gives Tammy a bit of advice and tries to steer her in the right direction; while Ray and Robin share a smile. The young men in the shop are guided by Mr. Williams even when he's not seen.

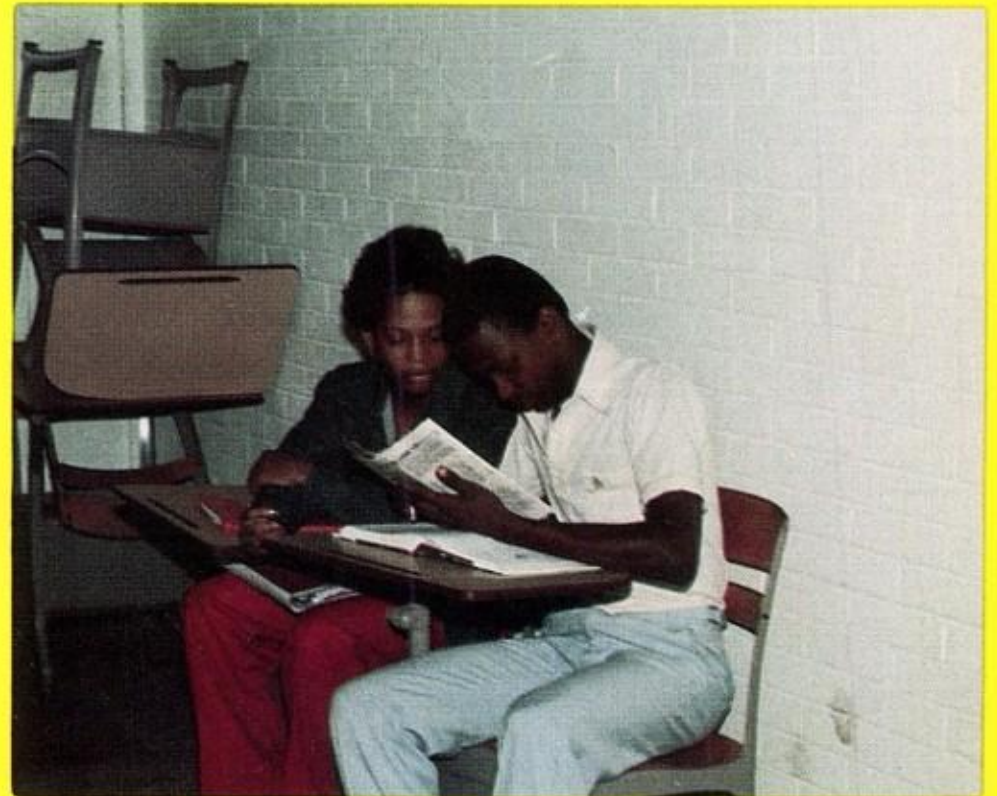

Let's help each other
Along the way;
And say to each other
Tomorrow's another day.

There is always hope for tomorrow with the Holy Bible as our guide. We learn through this reference that there is a time for all things. Lynn and George enjoy time together. Construction is tried by Alfred & Glenda even though obstacles sometimes impede progress. Judy and Clark find the time to work and discover it isn't too bad—just as long as they're together. Myron & Donna have been informed that it's time to come in from the rain and go to class. It's break time for the "twins" Randy and Ritchie. Study time is worthwhile for Terrye and Victor because they not only study school work—they also study each other.

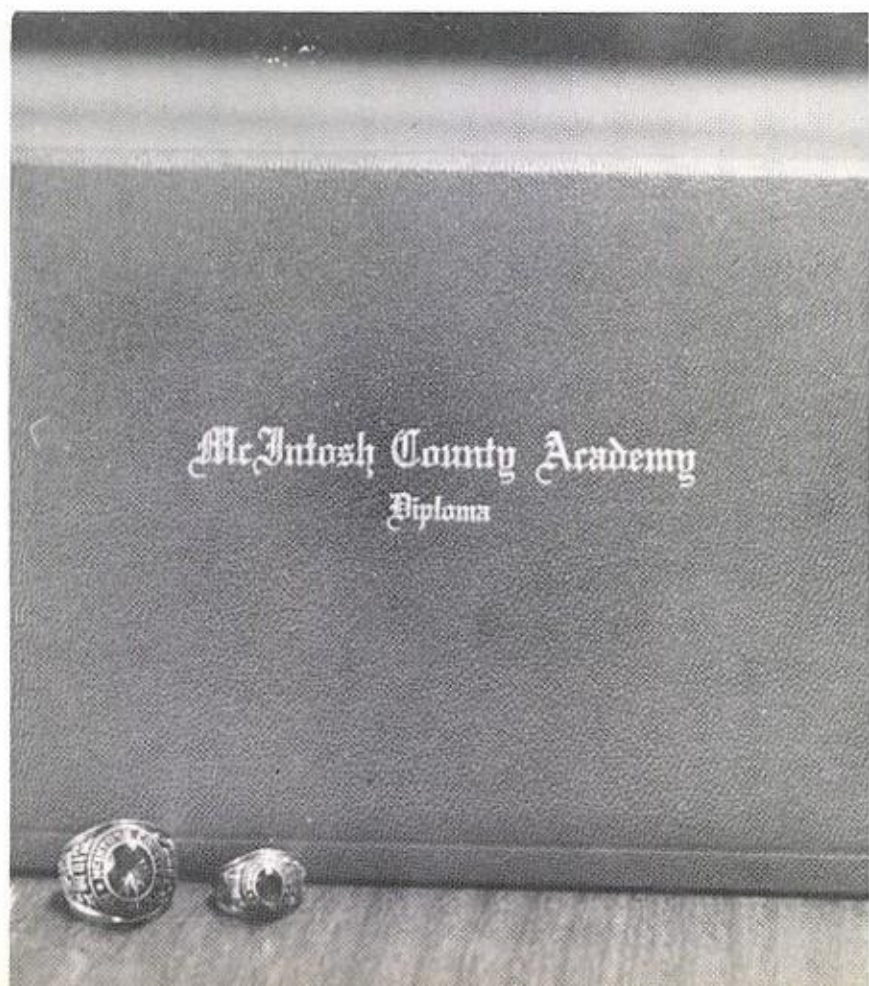

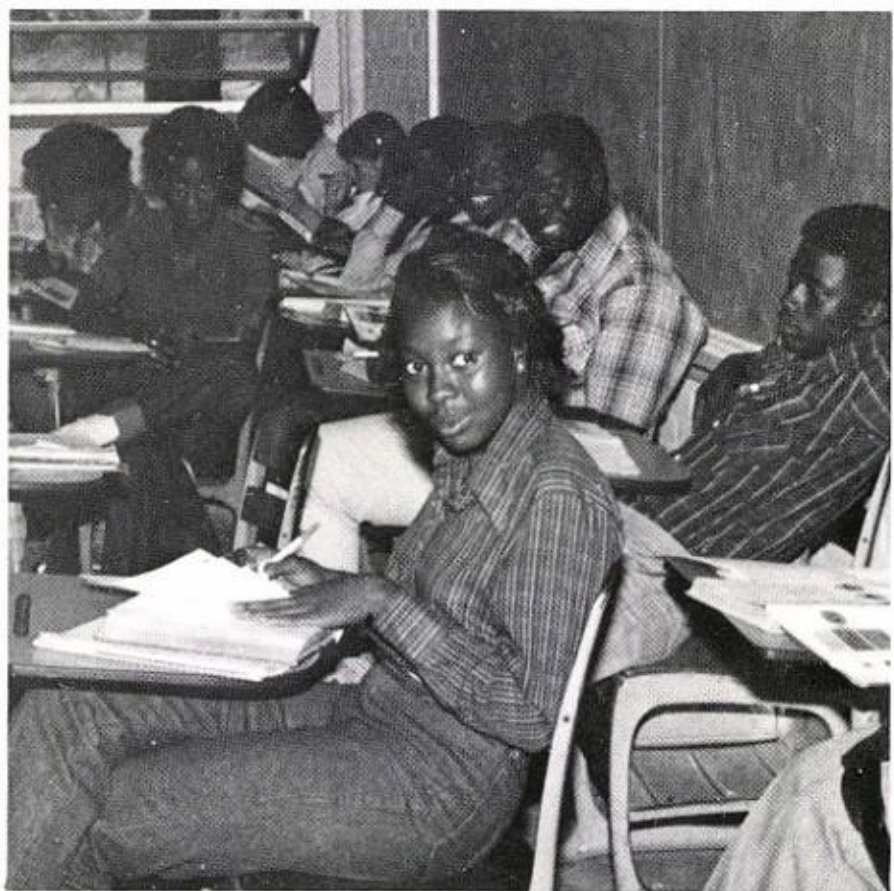

We have seen new horizons
And we'll look back on sorrow

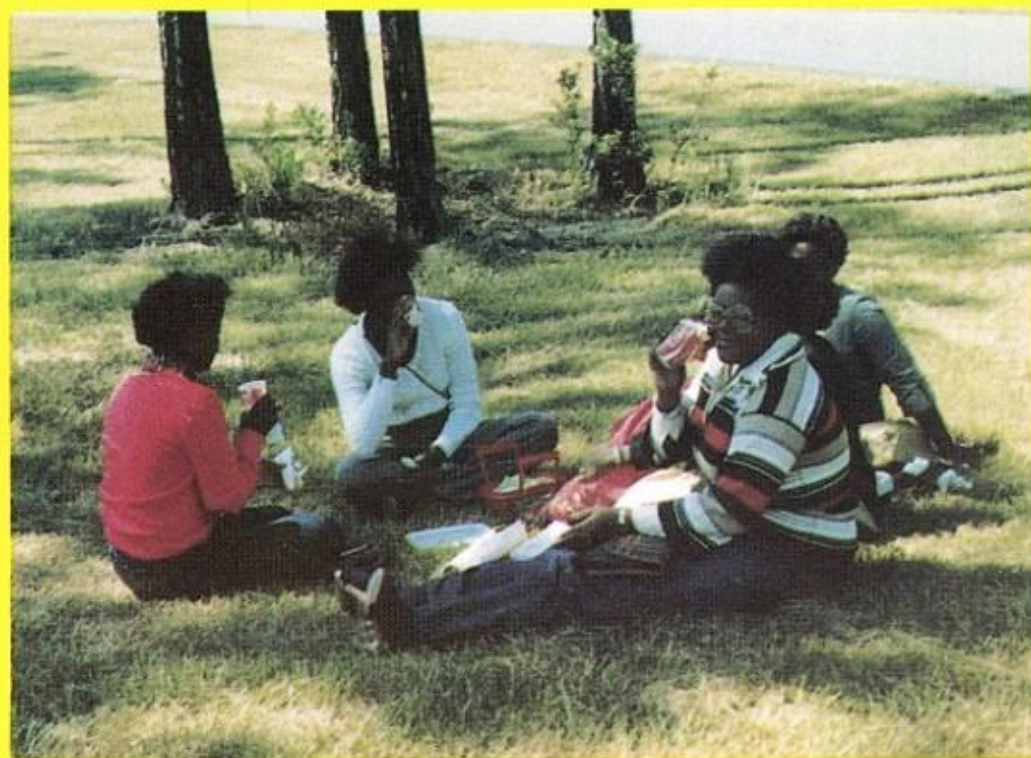

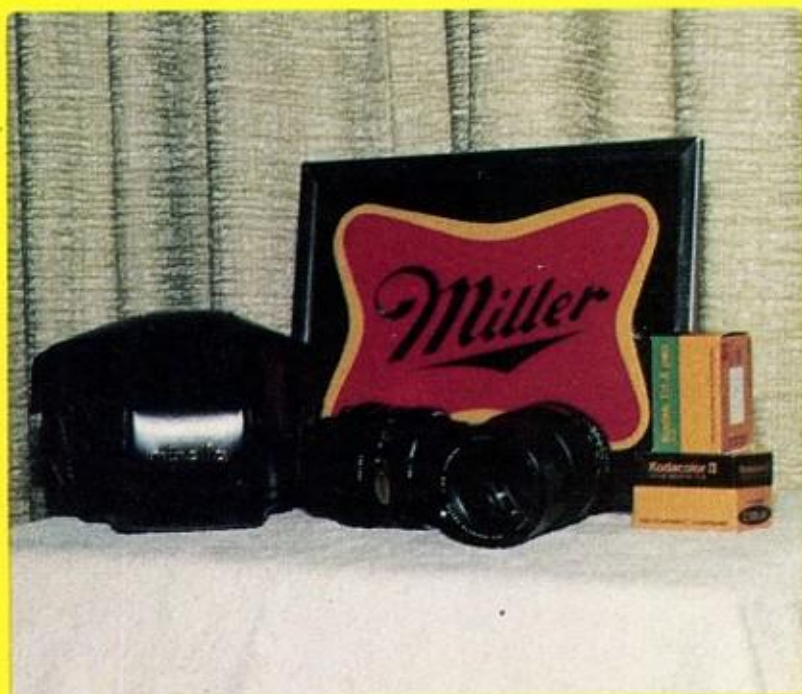

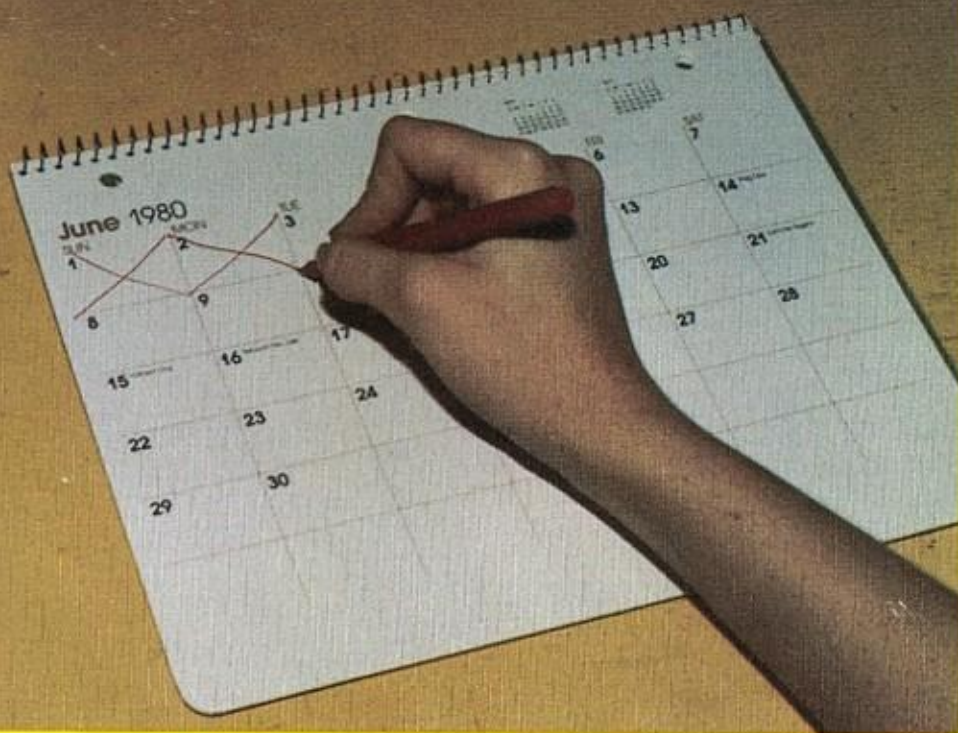

We are always thinking about our lives after high school. But we must realize that there are still new "highs" to reach while we are here. The red leatherette cover which protects the diploma is a "high" we all hope to attain and yet this is only a dream until June 2. Meg reflects on the past, as Babe Ruth looks toward his future. Bill seems as though he is in deep thought about something very important but David is looking at the places he might go.

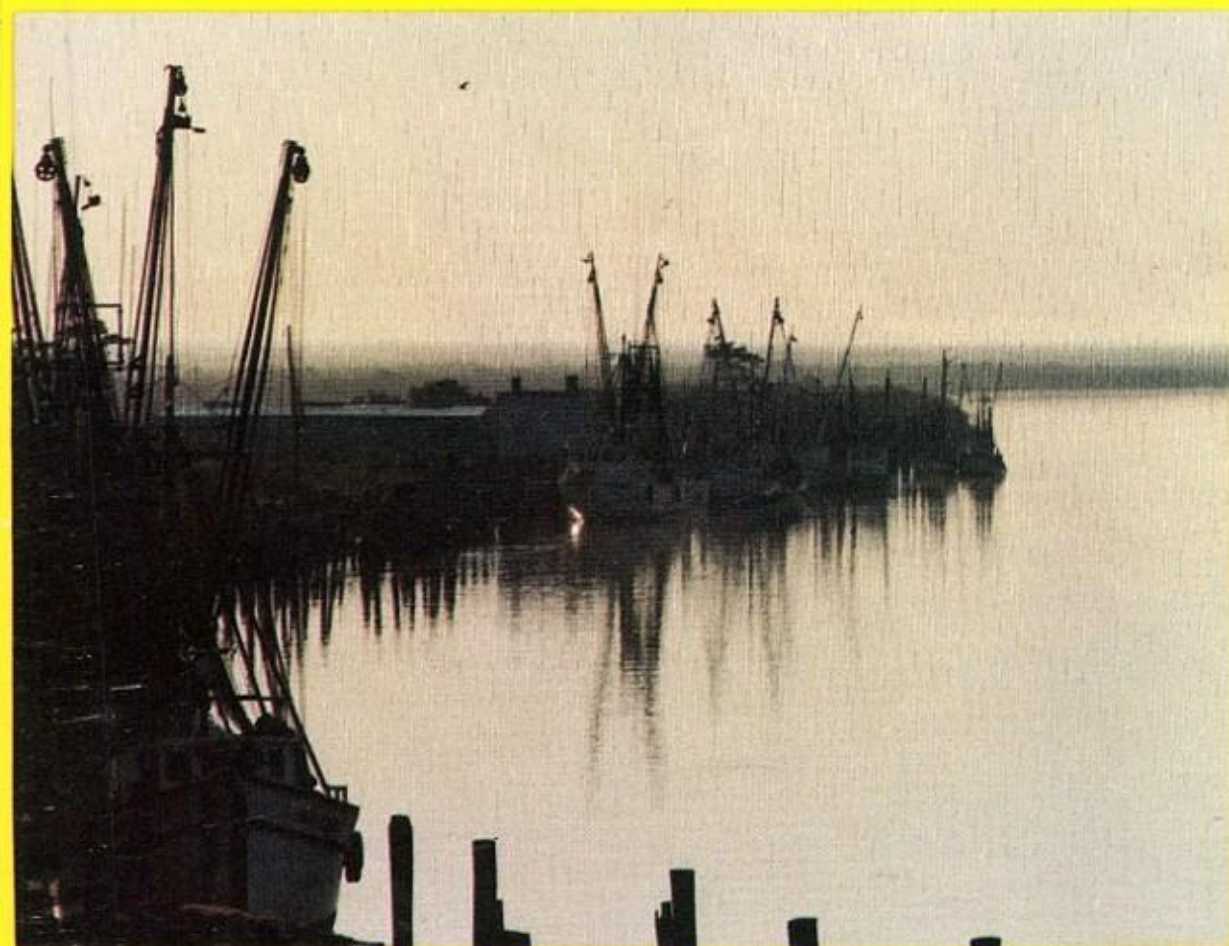

Let's make plans now
for we are the building blocks
of tomorrow

The time has come for us to think about the future. Today's students are tomorrow's doctors, teachers, carpenters, etc. We must plan each part of our daily lives so that it contributes to the realization of our future dreams. The seniors leave with the underclassmen their knowledge and skills to help them along in times of need. Time is running out and we are nearing the countdown of the moment that every senior looks forward to—GRADUATION.

Dedication

*Sammy's luck
The best of luck
Always to you and
Dennis in the years
ahead. Cling to each
other - don't let the
little things get between you.
Gonna miss both of you -
come visit. Bless you
May God always
bless you
Mikki*

We, the members of the annual staff, feel the need to express our appreciation to one who has contributed much to the accomplishment of our goal, THE 1980 BUCCANEER. She has stuck with us though sometimes the going was rough. We want you to know that we are most grateful for your untiring efforts.

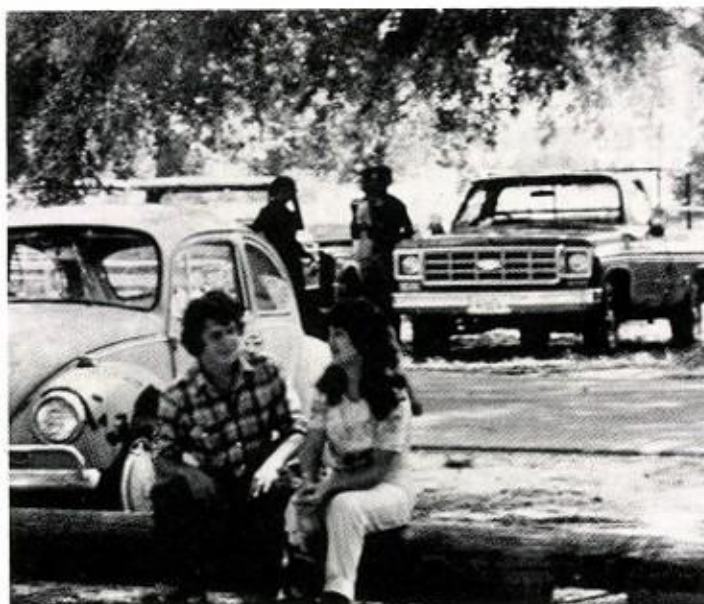

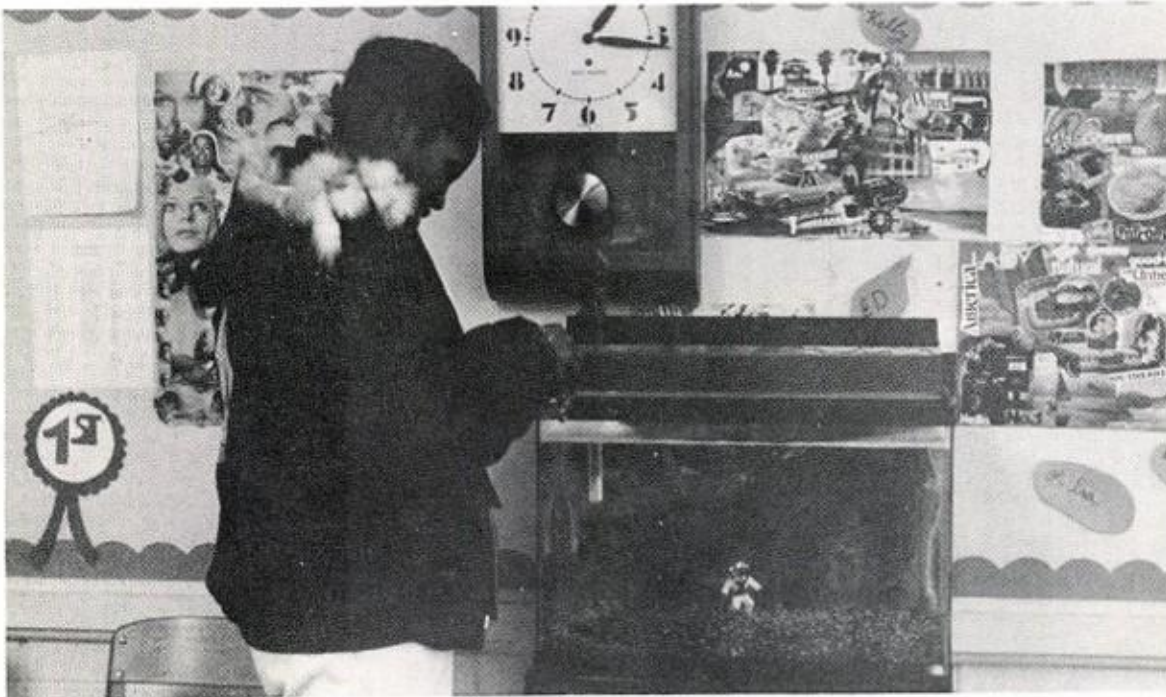

To you, Ms. "Mikki" Mikkola, we proudly dedicate the 1980 BUCCANEER.

For her sense of dedication to her students and her help in their discovery of new joys through creativity, we the members of the 1979-1980 annual staff dedicate the BUCCANEER to Ms. Bettye J. Ector. The task of creating such a work, as the 1980 BUCCANEER, has not been an easy one. We hope that we have inspired her to new actions, but knowing her one can easily guess her reaction.

Therefore, with our love for you and our appreciation for your interest in us, your patience with us, and your time given to us. . . .

We sincerely dedicate to you, Ms. Bettye Ector, our annual of 1980.

They shall grow not old as we that are
left grow old:

Age shall not weary them, nor the years

BEST ALL AROUND

Careless of censure, nor too fond of
fame,
Still pleased to praise, yet not afraid to
blame,
Averse alike to flatter or offend,
Not free from faults, nor yet too vain to mend.

—An Essay on Criticism—

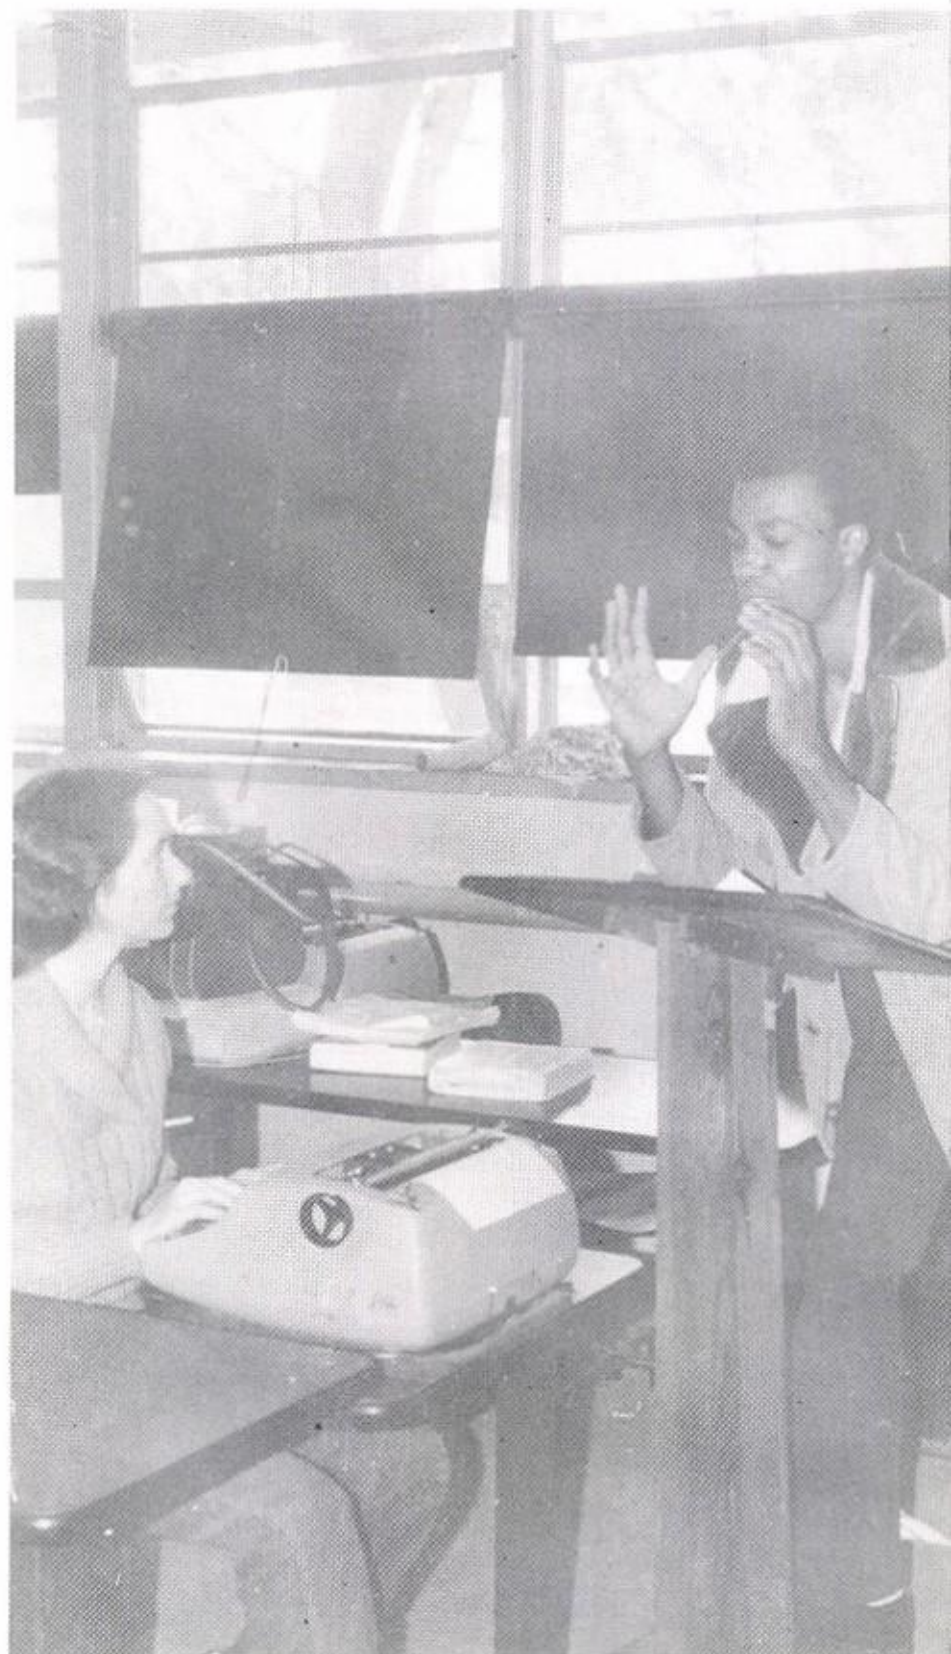

CLASS CLOWNS

How much a dunce that has been to roam
Excels a dunce that has been kept at home!

MOST INTELLECTUAL

Intellect is invisible to the man who has none.

—Arthur Shopenhauer

MOST CONGENIAL

A man that hath friends must show himself friendly:
and there is a friend that sticketh closer than a
brother.

CLASS SWEETHEARTS

When first we met we did not guess
That LOVE would prove so hard a master
Of more than common friendliness
When first we met we did not guess

BEST LOOKING

—Owen Meredith—

MOST POPULAR

Editor's Desk

The 1980 BUCCANEER is the result of a combination of efforts, black and white. This year we have formed a bond between us that refuses to bow to racial dissention. Hopefully this bond will not be limited to the annual staff but will, instead, spread like "wild fire" throughout McIntosh County Academy.

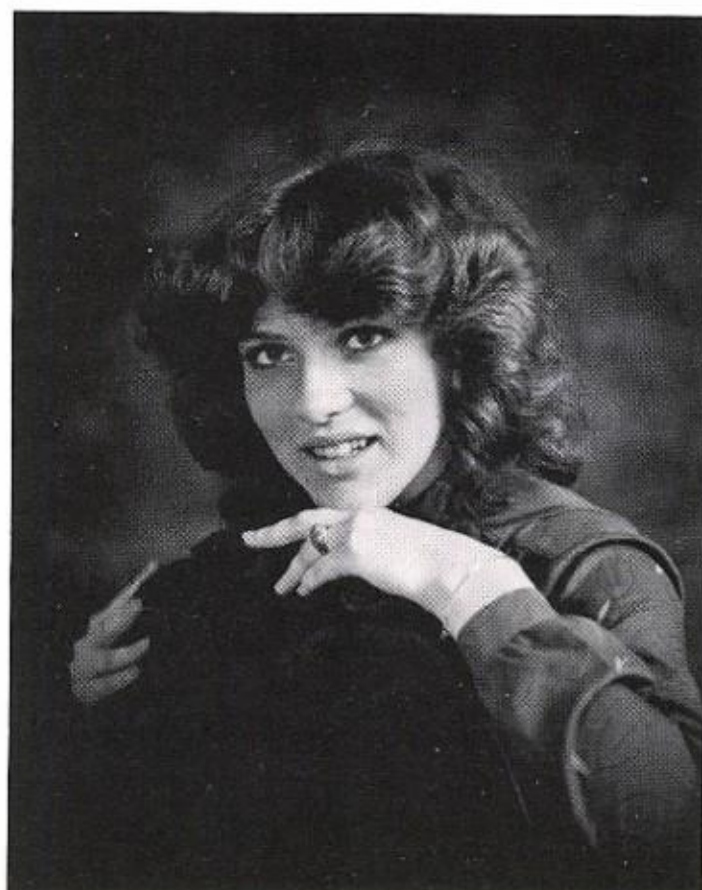

Julie Miller and B. J. Ector head the list of the many people who deserve thanks. Julie has devoted much time and untiring effort in her position as a full time photographer. Ms. Ector's level head and remarkable strength held us together through many crisis. Their combined patience was vital to our success. The entire annual staff deserves special recognition for their dedication and extreme hard work.

The faculty and student body deserve thanks for their understanding and support. I hope this attitude continues in the years to come.

The annual has definitely been a challenge to everyone but—WE HAVE TRIUMPHED!

Jaci Rozier

Tammy,

It has really been a pleasure getting to know you this year! I'm glad I got the chance. I don't like this place but I do like the people.

Remember all the good times we had in ~~and~~ period, homeroom, and in the bathroom between classes. I don't think I'll ever forget our wild trip when we took Cap and gown pictures. When you look back on your senior year, please don't forget me.

I wish you and Dennis the best of luck in the future because you deserve it! I hope the married life treats you good. Good luck and stay out of trouble.

P.S.
I hope bad luck follows you but never catches up!

Love Always,

Well, we've really been through alot together! I thank you for the wonderful friendship that we share. You're a good friend and I look forward to being your "Maid-of-honor" June 7.

You know that I wish you and Dennis the very best.

Remember the pinball machine at Jack's #60 during first period! That was trip and a half!

Don't forget all the fun we had partying! Even though we've both slacked off on it we still have a good time together!

Just because you'll soon be an old married woman, you better keep in touch!
